INDEX KEY (ORDERS & TRACTATES) TO THE VILNA EDITION (1895-1909) OF THE TALMUD BABLI

The Tractates are arranged alphabetically under the Order to which they belong. The Arabic numerals are those assigned by the Jewish Encycl., v.8, p.617-8; they are given to facilitate reference—they do not always correspond to the sequence in the Vilna edition. If a Tractate takes a whole volume, no letter follows the volume number; where there are several Tractates in a volume, an arbitrary letter (a, b, c, etc.) has been added to indicate the relative position of the Tractate in the volume. The accompanying table of Contents gives the Tractates in Hebrew and in the order in which they appear in the Vilna edition.
